CHRISTIAN ENDEAVOR COMMITTEE MEETING.

On Friday of last week a committee of men interested in the Christian Endeavor work met in this city to consider specifically the religious training of the Negro youth of the South. Prominent in the meeting were several distinguished men, among whom were Dr. W. T. Johnson, of Richmond, Va.; Dr. W. J. Darby, of Evansville, Ind. The meeting was participated in by several of the leading ministers of the city, and a feeling of unity was prevalent. Every speech made at the meeting was full of common sense. The expressions showed conclusively that there is a desire on the part of all right-thinking men to put prejudice in the rear and work as a unit to make the world better.

A number of addresses were delivered by both black and white speakers at St. Paul A. M. E. Church Tuesday night, and as a result of the meeting it is believed by those interested that much good in this direction was accomplished.

Rev. J. C. Caldwell, a leading Christian Endeavor worker of the A. M. E. Church, presided over the meeting. The Fisk Jubilee Club furnished music. After opening with devotions conducted by Rev. G. W. Jackson, pastor of Gay Street Presbyterian Church, five-minute addresses were made by Rev. N. H. Pius, Superintendent of Teacher-Training of the National Baptist Convention, who represented the Sunday-school, and Rev. W. S. Ellington, pastor of the First Baptist Church, spoke on behalf of the Baptist Young People's Union.

Dr. W. J. Darby, of Evansville, Ind., Dr. Ira Landrith, of Belmont College, Dr. R. H. Boyd, Secretary of the National Baptist Publishing Board, and others also delivered timely addresses.

The principal address of the evening was delivered by Dr. W. T. Johnson, of Richmond, Va., trustee of the United Society of Christian Endeavor. Dr. Johnson discussed at some length the work of the Christian Endeavor Society, and gave numerous remedies for the retrogression in church work by the Negro young people, among them was that of religious activity. By giving the young people something to do in a religious way, he declared, and by keeping them in the work of the church, the general cause of civilization will be advanced. He also stated that a broader vision of the conditions that confront a race was had through Christian Endeavor work.

By special request of Dr. Darby Bishop Tyree made a few remarks, and in less than five minutes electrified the audience with his eloquence and wisdom. Benediction was pronounced by Dr. Miller.

BETTER THAN EVER.

With the approach of Spring the people of Nashville and the surrounding community are beginning to cast their eyes about for resting places during the hot summer days. There are many groves near the city and places where the people in days gone by could go out at any time and have a

picnic or a day's recreation. But with the modern ideas of farming and stock raising has come a great change in the matter of forest and groves. Every available acre of grassy land in this part of the state is used for pasturage and no farmer will rent his grove for a picnic, nor will he allow city people to trample over his grass. This necessitates the establishment and maintenance of parks and pleasure grounds for the people of this city. Nashville is wonderfully blessed in this respect. With the change of conditions as regards to the owners of forests and groves came in existence Greenwood Park. This park was opened a few years ago and at that time it was out of the question to ever expect that it would be any more than a field, but the hand of the agriculturalist and landscape gardener and scrutinizing eye of the owner of this park has conformed this field into a veritable paradise. Greenwood park is now ranked among the first resorts in the South. Where once stood the corn stalks and the thistles now stand beautiful shade trees and wide macadamized walks, set with beautiful flowers and shrubbery. Club houses have taken the places of hay farms and spring houses have sprung up where once the common pond and mud holes stood.

It will be remembered that last year the spacious grandstand was destroyed by fire. This is being replaced by one more modern and of a greater seating capacity. A new dining-hall is in course of erection that will comfortably entertain a party of two hundred. This and many other improvements will make Greenwood the equal if not the superior of any park in the South. Another great convenience that has not heretofore been enjoyed is the car service that will be regular throughout the season. Everything has been done to make this park of comfort and pleasure to the Negroes of Nashville. If they will take advantage of the opportunity it can be best proven when the season opens. The reputation of the place has always been the best so that the best people feel free to take their families and spend the evening any day in the week at Greenwood park.

FOR SALE.

3,000 Acres of Land For Sale.

Gordon and Ellenth have listed 3,000 acres of land in southwest Kansas for sale. It is fine productive land; produces wheat, corn, alfalfa, barley, oats, clover and corn in abundance. The land can be bought on easy terms. There is also some government land which can be made into homesteads.

It is from 10 to 15 miles from the county seat and railway; fine water. The white people want a colony of colored people organized and for any information further, write to Rev. M. A. Ellenth, Pratt, Kans.

This is a fine country for colored people. We have fine schools and no separate cars. This is the best country for colored people.
